

FOODTECH Canada Member Centres

Each of our member centres across Canada presents unique advantages – and collectively the FOODTECH network offers you a single door to the ultimate resource for food innovation and commercialization.

For a current listing of our member centres, or to search equipment, services and expertise, visit www.foodtechcanada.ca.

For food companies of every size, at every stage: connect to one key Canadian source. That includes services for the growing markets in bio and natural health products, functional foods, pet foods and cosmeceuticals.

Regardless of the development stage of your company, FOODTECH Canada plugs you into an unrivalled portfolio of experts, resources and opportunities. Our collective resources represent knowledge that would take you years to amass – and every day, our expertise and success-driven resources continue to grow.

Connect with the finest in the food industry. For more information, visit www.foodtechcanada.ca, or contact:

FOODTECH CanadaTM
All the ingredients for commercial success

Say hello to FOODTECH Canada

FOODTECH CanadaTM
All the ingredients for commercial success

Open the door to a nation-wide food technology network.

The collective members who are FOODTECH Canada offer you a single door to the ultimate resource for food innovation and commercialization. Our focus is on clarity and efficiency. You tell us what you need (or ask us to help you determine that, too). We'll tell you the best way to get it.

Confidence and Confidentiality. Guaranteed.

Working with FOODTECH is one of the best ways to ensure your product gets developed – and your questions get answered – in a secure and highly professional environment. Your ideas are safe with us, and the process always remains in your control.

Cost-effective. Time-efficient.

Let the collective strength of FOODTECH accelerate your emergence into the market and guide you away from pitfalls and delays. We enhance your innovation. We bring to the table the latest in global technologies. Our facilities enable you to manufacture and sell products anywhere in the world.

Using the collective resources of our centres across Canada, FOODTECH provides a single point of access to services including:

- Product development and process design;
- Pilot plant facilities and equipment;
- Technology transfer and consulting;
- Business, market and technical intelligence;
- Education and training;
- Food safety and quality management;
- Nutritional labelling;
- Sensory evaluation; and
- Regulatory advice.
